

Welcome Back Everyone!!

A few important items to remember during your work week...

- If possible complete this QR code Active screening protocol questionnaire prior to coming into work. This must be done prior to accessing our grounds.

<https://questionnaire.simplesurvey.com/f/s.aspx?s=b26d1513-72ac-4176-a307-54e64524c719>

- Please give yourself some extra time before starting work as Security will have to verify that each person has completed the active screening.
- This may take a couple minutes if there are several people waiting to enter at the same time
- Security will assist everyone during this process and will work with everyone to ensure that we are all following protocols

Thank you for your cooperation and please be patient as we are confident that as long as we work together and continue to follow these protocols 2021 will be a Success!!
